## ODESSA UNDER STATE OF SIEGE

### IMPOSSIBLE TO GET MEAT OR BREAD.

#### Attacks on Jews Continued on a Larger Scale—Jewish Quarter a Scene of Desolation—Various Reports.

Odessa, Nov. 3.—On this, the fourth day of terror, the peaceful population is practically under a state of siege. Even the markets and restaurants are closed and it is impossible to get bread or meat. The mob to day pillaged a number of Jewish shops in the main streets and among others the biggest wholesale grocery, that of Rabinovitch. The rioters also burned three factories and killed a physician and his two assistants, who were dressing wounds. This evening the rioters pillaged the biggest dry goods store in the city. The loss is estimated at \$175,000. A hardware store was looted, involving a loss of \$100,000. In addition twelve fur stores were sacked. Foreign consulates and hotels are guarded by troops.

#### CALL OFF STRIKE.

St. Petersburg, Nov. 3.—The decision of the strike committee to call off the strike at noon to day was received with joy by all classes of people, as the absence of newspapers, electric lights and other conveniences of life is severely felt. Railroad men have resolved to continue the strike. Censorship throughout Russia was abolished to day, not only for newspapers, but also in the case of private telegrams. The minister of the interior notified the editors that the regulation for control of the press is now longer in force.

Witte is having trouble in forming a cabinet on account of lack of liberal support. Another appeal to the people in the shape of an official note was published this morning. It calls upon all citizens to exercise self-control and devote themselves quietly to their vocations.

#### QUIET AT ST. PETERSBURG.

St. Petersburg, Nov. 3.—All is quiet here. There is no attempt at holding processions and Cossack patrols are everywhere. To day Count Witte and Prince Obolensky received the leaders of the progressive constitutional party, including prominent members of the municipality.

Anti-Jewish disorders are reported from Heodosia, where a number of Jews and others were burned to death. In a revolutionary outbreak at Kostroma many were killed and wounded. Rioting and anti-Jewish outrages occurred at Saratov, where many shops were plundered. A bomb was thrown during conflicts between rioters and soldiers and several were killed or wounded. A dispatch from Rostov-on-the-Don gives official figures of Wednesday's rioting as thirty-four killed and 169 severely wounded.

#### LONDON REPORTS.

London, Nov. 3.—All Russian dispatches still are suffering considerable telegraphic delay. Many correspondents in Odessa and elsewhere report danger and difficulty attending the dispatch of their reports, and they are obliged to seek the aid and protection of the military. All dispatches received here go to confirm the continued seriousness of the situation throughout Russia, especially anti-Jewish excesses.

The Mail's Odessa correspondent gives an unconfirmed report that Kishineff has been absolutely destroyed by fire. He says three suburbs of Odessa—Peressyev, Zastava and Moldavanka—have been completely devastated.

The Kieff correspondent of the same paper says the British consulate has been riddled with bullets. The situation there, he adds, however, is improving, but during the riots band of rowdies stopped everybody and compelled all to prove they were not Jews before permitting them to go on. The British consul was stopped by soldiers with leveled rifles, who, however, permitted the mob to wreck the house of a wealthy Jew. Nearly all houses and shops display ikons and other Christian emblems.

#### ANOTHER REPORT.

London, Nov. 4.—The Kieff correspondent of the Reuters' Telegram company, under date of Nov. 3, says:

"The Jewish quarter has been given over to plunder, rapine and murder ever since the emperor announced the granting of a constitution. On that day, during a monster demonstration in front of the town hall, a shot was suddenly heard. Cossacks and dragon immediately charged the crowd, striking right and left, and the police and others dragged away the dead and wounded, numbering more than 130, into neighboring court yards, while the terror stricken demonstrators fled pursued by a mob of ruffians who attacked them as they ran. In the evening the Jewish quarter was sacked; people killed and buildings burned. The work of destruction lasted all night and almost all Jewish houses were laid in ruins."

A dispatch to the Mail from St. Petersburg, dated 3 p. m., reports the discovery of a plot to massacre the Jews in that city. It is semi-officially calculated, says the correspondent, that at least 1,000 persons have been killed in fifty provincial towns of Russia in the last twenty-four

hours and the death rate is still mounting.

#### AT KIEFF.

Berlin, Nov. 3.—The Tagblatt prints the following dispatch from Kieff: "Anti-Jewish excesses have been raging here for three days and all Jewish shops and many private houses have been totally destroyed. The number of Jewish victims is large, and children and old people have been barbarously murdered, while the military and police looked on with sullen indifference."

The Lokal Anzeiger's Kieff correspondent represents the situation as improved, Friday, says the correspondent, passed quickly, as the number of dead on both sides is only 100, but many hundreds of persons were wounded and the city presents a horrible aspect.

ATTACKS CONTINUED. St. Petersburg, Nov. 3.—A dispatch received here from Odessa says attacks on Jews of Nov. 2 were continued to day on a larger scale. A great amount of damage was done. A thousand ruffians, it is added, were wounded during the disturbances.

#### SCENE OF DESOLATION.

Rostov-on-Don, Russia, Nov. 3.—This city presents a scene of desolation but the rioters are exhausted by last night's excesses and rioting has not been resumed this morning. Of the Jewish quarter only smoking ruins remain. In other sections of the city stores are still burning. Jews are seeking refuge where they can. Mob outrages continued all night and shots were constantly heard.

#### TREPOFF'S PLAN.

Berlin, Nov. 3.—A private telegram from St. Petersburg says it is absolutely certain that the reactionary, under the leadership of General Trepoft, have been fomenting disorders throughout Russia in order to create a condition of anarchy to compel the czar to take military measures and discredit Witte.

#### MARTIAL LAW WITHDRAWN.

London, Nov. 3.—A dispatch to a news agency from Odessa to day says the proclamation of martial law has been withdrawn, the proclamation of yesterday being due to an official blunder.

## RUNAWAY ENGINES

### Crash Into Stock Train—One Man Killed and Several Injured.

Hammond, Ind., Nov. 3.—While making steam three engines became uncoupled from stand train six miles south of this city on the Indiana Harbor railroad this afternoon and backed down grade into a stock train, killing one man and injuring nine others, four fatally, and demolishing eleven stock cars, one of which contained eight blooded horses, all being killed.

The dead: G. Babcock, brakeman, Indiana Harbor, Ind., burned to a crisp. Fatally injured are: Leon Noar, brakeman, Schererville; William Franks, stockman, St. Johns; Ralph Frigid, brakeman; Thomas Meyers, Lake Station.

## DEVLIN'S FUNERAL

LaSalle, Ill., Nov. 3.—The funeral of Charles J. Devlin was held here to day. The body arrived from Chicago this morning accompanied by members of the Devlin family, several relatives and by a number of business associates. The funeral procession was formed at the railroad station and proceeded to St. Patrick's church, where high mass was celebrated while the body lay in state before the altar, which was a gift from the deceased. The oration was delivered by Father Powers, of Spring Valley, Devlin's boyhood friend.

#### SENT POISONED CANDY.

Lawrence, Kan., Nov. 3.—S. W. Sangster, a traveling salesman for a Chicago candy company, was arrested to night as a result of a telegram received from the authorities at Chicago. He is charged with sending poisoned candy to his wife, who gave it to his 12-year-old daughter, who afterward became violently ill. He admits sending the candy, but denies it was poisoned. He said it was taken from his sample case and he did not open the box before mailing it.

## EQUALLED RECORD

Memphis, Tenn., Nov. 3.—In an exhibition mile to day on the Memphis Trotting association's track, Dan Patch, the champion pacer, equalled the world's record without a wind shield, covering the distance in 1:59. This record has been held by Star Pointer for a number of years. The first quarter to day was made in 30 seconds, the half in 59 and the three-quarters in 1:29. Down the stretch for home Nersy urged his charge forward and the wire was passed in the record time of 1:59.

#### SUIT FOR LAND.

St. Paul, Minn., Nov. 3.—United States District Attorney Hough to day entered suit against Frederick A. Hyde, John A. Benson and C. E. Glover to recover twenty-six tracts of land in Itasca, Cook, St. Louis and Lake counties, Minnesota, which the respondents are alleged to have obtained by fraud and collusion with officials of the Washington land office.

## ARMOUR CAR LINE PRESIDENT

### TESTIFIES BEFORE COMMERCE COMMISSION.

#### Answers Only Questions His Counsel Consents to—Official Removed—Other Items from Washington.

Washington, Nov. 3.—George Robinson, of Chicago, president of the Armour car lines, was a witness to day in the private line inquiry before the interstate commerce commission. At the outset counsel for the Armour car lines opposed intimate inquiry into the details of the Armour company's business, on the ground the interstate commerce commission has no jurisdiction over these private interests.

Robinson testified that the Armour car lines operate 12,500 cars, but said the lines are not engaged in the transportation or carrying business, but solely in the business of leasing the cars to railroads and furnishing refrigeration to shippers. He asserted the respondent railroads have no part in fixing charges for transportation. He denied the lines were engaged in the fruit and produce business, but refused to answer questions at the instance of counsel for the Armour lines.

#### YOUNG COURTMARTIAL.

The record in courtmartial in the case of Commander Young, who commanded the gunboat Bennington at the time of the explosion on that vessel in San Diego harbor, was received at the navy department to day and is now under review. It is understood that the sentence of the court is a severe reprimand.

#### CANAL ENGINEERS.

John F. Wallace, former chief engineer of the Panama canal, was before the board of consulting engineers to day to give the result of his experiences while he was in charge of the canal operations. Wallace strongly favors a sea level canal and has gone on record to that effect. To day the questions of the board were directed toward obtaining his views as to the cost of construction of the canal and time it would take to complete the work. The meeting of the board was secreted and no official statement was made of the proceedings.

#### OFFICIAL REMOVED.

A cablegram from Secretary Root, sent by direction of the president to day, cut short the official life of William P. Smythe, American consul at Burslem, England. Smythe was removed upon complaint of the auditor of the state department that he had been negligent in the discharge of his duty, had failed to obey department regulations as to the filing of his accounts and had unduly delayed the deposit of public moneys.

#### GUEST OF THE PRESIDENT.

Ambassador von Sternburg was to day received by President Roosevelt and was the guest of the president at luncheon. He brought to the president verbal expressions of friendship from Emperor William, and his congratulations on the results of the president's intervention on behalf of peace and humanity. Vice President Fairbanks to day paid his respects to President Roosevelt, calling at the white house before the cabinet session began. He said he would remain in Washington for a day or two and then go to the laying of the corner stone of the McKinley memorial at Canton, Ohio, Nov. 16th.

#### POSTMASTERS.

The president to day appointed the following postmasters: George K. Watheny, Lathrop, Mo.; William E. Freeman, Auburn, Neb.

## HAS TO PAY TAX

New York, Nov. 3.—William Astor, son of William Waldorf Astor, was called on to pay a \$5 tax as an alien to day before being admitted to the United States on his arrival here on the steamer Cedric from Liverpool. Astor said he was an English resident. William Waldorf Astor, one of the largest holders of real estate in this city, lives in London and some years ago renounced his American citizenship and became a British subject.

## NOT HIT BY TRAIN

New York, Nov. 3.—Coroner Scholer, following an autopsy on the body of Mrs. Margaretta Todd, a rich woman found dead on the Reading railroad tracks near Philadelphia a week ago said to day the woman could not possibly have been hit by a train. He said she could easily have been killed by some heavy weight falling upon her or by pressure of the knee. The autopsy showed her ribs had been fractured, together with the breast bone. Her clothing, the coroner said, was not disarranged in the slightest, but was smooth and neat. He said had a train struck her the clothing would have been disarranged and torn.

#### QUARANTINED.

Jacksonville, Wis., Nov. 3.—The State Institution for the Blind was closely quarantined to day on account of smallpox.

## ARE THE MEN

### Howard and Crawford Arrested in Connection With Suit Case Mystery Identified.

New York, Nov. 3.—William Howard and Louis Crawford, who were arrested yesterday in connection with the Winthrop suit case mystery, were identified by Captain Howard, of Boston, as the two men who were in his cab with suit cases the night when the girl's body was thrown into Boston harbor. Pawnbrokers also identified the men as those who purchased the suit cases. The prisoners were held on a charge of conspiracy.

Boston, Mass., Nov. 3.—Police Captain Dugan to day obtained warrants for the arrest of Crawford and Howard on the charge of committing abortion on the body of Susan A. Geary. In view of Howard's confession, the harbor is being dragged to day with the hope of recovering the head of the victim, which Howard says was enclosed in a hand satchel heavily weighted.

Dr. Percy D. McLeod was arrested this afternoon on a charge of abortion. McLeod is charged with being the person who dismembered the body of Susanna Geary.

## GRAND RECEPTION

### Prince Louis of Battenburg Received by President and Mrs. Roosevelt.

Washington, Nov. 3.—With great eclat Rear Admiral Prince Louis of Battenburg was received by President and Mrs. Roosevelt this afternoon. The prince was the bearer of a personal message of good will from King Edward to President Roosevelt and was presented to the president by Sir Henry Mortimer Durand, British ambassador. The presentation was made the occasion for a brilliant reception. To night the British ambassador and Lady Durand gave a state dinner to their distinguished house guest, followed by a large reception and ball. Not since Prince Henry of Prussia was the guest of the German embassy at Washington has a royal visitor been the recipient of greater honors than those with which Great Britain's admiral prince has been welcomed to the national capital. Save for the absence of military honors, the prince's entry to the capital to day has been invested with as much ceremony as that which marked memorable the greeting to the Prussian prince several years ago.

## CAUSE OF MASSACRE

London, Nov. 3.—A dispatch to the Express from Hongkong says the Luenchau massacre was due to the unhappy action of Mrs. Machie, who, on the refusal of some members of a native procession to do away from worshipping idols they carried, seized the idols and declined to restore them to their owners. Thereupon the infuriated processionists surrounded and destroyed the mission and assaulted the inmates. They then murdered them and threw their bodies into the river. The mob did not interfere with six French priests who resided in the neighborhood.

## BILL WILL PASS

### Railroad President's Opinion of President Roosevelt's Railroad Rate Measure.

Kansas City, Mo., Nov. 3.—A. B. Stickney, president of the Great Western railroad in Kansas City to day is quoted as saying President Roosevelt's proposed rate bill will pass congress.

"I believe the Esch-Downs bill will be adopted by congress," said Stickney. "But I do not believe it will make any immediate appreciable difference to shippers. Yet, as a national declaration of principle, it means everything. The president's recommendation means in effect that when a shipper disputes the fairness of a railroad rate the two parties shall go before an arbitration tribunal whose decision shall become a common rule for the kind of freight in question. The other method, that of going to law, is hopeless. The real objection of railroad men to the appointment of any tribunal is a whole-some distrust of the sort of men who may be appointed. The position should be one of dignity with a life appointment similar in its terms to that of the United States supreme court. If appointments of that sort could be guaranteed I believe the managers of every important railroad in the country would endorse the measure."

## GAVE UP HER LIFE

East St. Louis, Nov. 3.—To save the life of her 2-year-old child who attempted to cross the track, Mrs. Mollie Finch to day sprang in front of an express train on the Iron Mountain railroad, giving up her own life, but rescuing the boy, who was only slightly injured. The woman's body was cut to pieces.

## FOUNDERS' DAY CELEBRATION

### CONCLUDED LAST NIGHT WITH BANQUET.

#### Principal Speech Made by Senator Knox—Other Prominent People Made Speeches—What Knox Said.

Pittsburg, Pa., Nov. 3.—The chamber of commerce banquet to night, which concluded the Founders' day celebration of Carnegie Institute, was an event of national importance. The principal speakers were Senator Knox, Chinese Minister Liang Cheng and Melville E. Stone, general manager of the Associated Press. General Greely was the first speaker, his topic being, "The Army of the United States; a civil as well as a military factor in our country's growth." The Chinese minister discussed "The Commercial Relations Between China and the United States." Melville E. Stone's address was, "The High Court of Public Opinion."

Senator Knox was then introduced and said:

"The president believes that the power to pass upon the reasonableness of a railroad rate or practice should be lodged in some tribunal upon which can be also constitutionally cast the power to fix a reasonable rate or practice in lieu of rate found by it to be unreasonable, and that the rate so fixed should become a nearly immediately operative law."

The proposition that the national government should exercise supervisory control over the rate and practice of the railroads, which has been the subject of the bill introduced by the president, has become almost self evident from the time that the railroads began, through various stages, to concentrate their taxing power in the hands of a few men.

The government's efforts to check this concentration of power under the present administration have been frustrated by legislation which will prevent the exercise of the power of taxing the railroads, and the proposed bill becomes almost self evident from the time that the railroads began, through various stages, to concentrate their taxing power in the hands of a few men.

The Wall Street Journal said in 1902, in relation to the issue involved in the government's attitude toward the Northern Securities company: "The railroads are the great power in the country, and the government's attitude toward them is the key to the future of the country. The railroads are the great power in the country, and the government's attitude toward them is the key to the future of the country."

The proposition is that congress can and should at once enact a law covering the main features of the public demand for prompt and efficient regulation of railroad rates and practices, and leave to the future the determination of the wisdom and necessity of legislation in respect to collateral and related matters.

The proposition to correct unreasonable rates and practices is not a new one. It is the duty of congress to regulate commerce, and the duty of the railroads to provide for the public. The proposition to correct unreasonable rates and practices is not a new one. It is the duty of congress to regulate commerce, and the duty of the railroads to provide for the public.

There is no railroad in the United States that can be in the slightest degree exempted from the operation of the proposed rate bill. It is a measure of national importance, and it is the duty of congress to pass it.

Senator James Francis Burke, congress-man-elect, concluded the speaking, talking for his theme, "The Chamber of Commerce."

## MUST VACATE

### The Board of Bishops Decides Against Critic of Old Testament.

Philadelphia, Pa., Nov. 3.—The board of bishops of the Methodist Episcopal church will inform the trustees of the Boston University School of Theology next Monday that the plan of the trustees for retention of Prof. Hineckley G. Mitchell in the chair of old testament criticism in that school cannot be granted. The bishop's decision against Mitchell was based on the fact that he was an avowed follower of the Graf-Wellhausen School of Criticism of the old testament and had boasted he would revolutionize modern theology. It is stated on the best authority that a heresy trial in Professor Mitchell's conference—northern New York—may result now, and it is further said the logical sequence of the ousting of Mitchell is that Professor Terry of Northwestern university at Evanston, Ill., who has written a book on "The Shortening of Jesus," is likely to hear from the board of bishops.

#### DEPUTY WARDEN.

Sherbourn, Nov. 3.—W. W. Dowell, of Sherbourn, was to day appointed deputy warden of the southern penitentiary by Governor Doremus.

## DEATHS.

New York, Nov. 3.—Arthur Foster Bowser, formerly city editor of the Tribune, died from paralysis to day.

## BUSINESS TONE IS IMPROVING

### SEASONABLE MERCHANDISE IN DEMAND.

#### Leading Branches of Manufacture Make Good Progress, Factories and Mills Having Many Orders Ahead.

New York, Nov. 3.—H. G. Dun & Co.'s report says: Cooler weather has stimulated the retail demand for seasonable merchandise, improving the tone of business where there had been more or less irregularity, but reports are still somewhat mixed as to collections. Supplementary orders are coming to primary markets for wearing apparel and in many cases shipments would show still larger gains over the same time last year if transportation facilities were better. There is still a very close comparison of railway earnings, which were only 3 per cent larger than in October, 1904. Leading branches of manufacture make good progress, most of the mills and factories having orders for more remote delivery than is customary, and especially favorable statements are made respecting lumber and flour. It is no longer cause for comment when new records of outputs are established, and this has become the rule rather than the exception.

Failure returns were very favorable in October, liabilities falling 36 per cent behind last years. For the first time in recent weeks exports from this port declined materially in comparison with the same week of 1904, the adverse balance amounting to \$1,843,025. Imports rose \$1,443,025. The finished steel business is still coming forward, a large tonnage of structural shapes now pending, and the situation will find little relief in the starting of several new plants, because their output has already been sold far ahead.

Failures this week in the United States were 202, against 229 in the corresponding week last year.

#### BRADSTREET'S REPORT.

Bradstreet's report says: The jobbing business continued in unusual volume for this season of the year and holiday specialties show increased call. Spring demands are looming up in a number of lines, apparently forecasting a shorter than usual between-seasons period. Industry generally shows unprecedented activity, followed by the shoe and textile manufacturing. The building trade is brisk and therefore the demand for lumber and other materials show unexampled movement for this season. Complaints as to car shortages affecting the movement of grain come from the northwest. Collections generally are greater and there are signs of a return movement from the country of currency balancing the outgo. Labor is occupied as early as ever before at this season and all measures of trade volume point to a record of totals in business operations with the minimum of friction in the shape of embarrassments. The outlook generally is optimistic and indicative of marked activity for the coming winter.

Wheat, including flour, exports for the week were 6,283,000 bushels, against 1,182,000 this week last year; from July 1 to date 33,256,000 bushels, against 32,934,000 last year.

Corn exports for the week were 1,009,000 bushels, against 217,000 last year; from July 1 to date 18,087,000 bushels, against 10,542,000 in 1904.

#### BANK CLEARINGS.

New York, Nov. 3.—The total of bank clearings compiled by Bradstreet for the principal cities in the United States (the past week is \$2,501,508,181, an increase of 4.9 per cent, as compared with the corresponding period last year.

## FIRE CAUSED PANIC

New York, Nov. 3.—Two hundred girls and fifty men at work in Frederick Neff's paper box factory were thrown into a panic to night by a fire which completely destroyed the building. So quickly did the flames spread that less than fifty had time to get out by the stairway. The rest were rescued by the firemen, who carried them down ladders to the street. All escaped unhurt. Loss, \$10,000.

## GOOD DISCOVERY

Chicago, Nov. 3.—The largest plant in the United States for the production of vulgar photographs has been discovered in this city and its business broken up by the police. The secret service of the postal department has for several years been seeking the place where thousands of obscene pictures came from and to day, with the assistance of the local police, they found it at 173 Milwaukee avenue, and the proprietor, Thomas Collins, was arrested and sent to jail in default of \$3,000 bail. A hundred and twenty thousand obscene photographs and negatives were seized.

**RAILROAD NEWS NOTES**

**Alton Section Men Desert to Cut Corn—Alton Limited Held for Inquest—Items of Interest and Personal Mention.**  
 The Alton limited was given a somewhat novel delay on the trip north bound Thursday. The train was held at Godfrey while Conductor Corey and other members of the crew testified at a coroner's inquest. On the trip down Wednesday the attention of Conductor Corey was attracted to a male passenger who was evidently sick. The man in trying to make his way between two chair cars fell down in the vestibule and was gasping for breath when the trainmen reached him. The entire train was searched in the hopes of finding a doctor, but for the first time in the long experience of Conductor Corey in case of such incidents, there was not a single physician in the number of three hundred passengers. As the man was evidently dying it was decided to take him from the train at Godfrey and call physicians from that point. The victim was David McGinnis, a carpenter, of Springfield. He and his wife were enroute to St. Louis to reside. He died soon after being taken from the train. In order not to cause the crew unnecessary loss of time it was decided to stop the limited on the trip yesterday morning. The coroner held the inquest at the depot and after ten minutes were consumed while the crew told their story the train was started again.

It is possible that the Sunday rates on the C. P. & St. L. will be continued for some time. In years gone by it has been the habit to take off these rates early in the fall, but as Gen. Manager Ramsey says, "While these excursions are not only a paying proposition it is the intention of the railroad company to accommodate and keep up the good feeling between the traveling public and the road." Without a doubt this move will meet with the hearty approval of the Jacksonville people.

The wrecker of the Burlington passed through the city Thursday night about 11 o'clock enroute to Beardstown. It was called to Waverly Thursday morning to do some work on the steam shovel and on the way back went off the track about two miles south of the city and was delayed two hours.

Patrick Brown, of Pekin, an engineer for the C. P. & St. L. called on friends in the city Friday.

B. F. Bond, superintendent of construction at Waverly, was in the city Friday.

C. E. White, of Jerseyville, has taken the position of cashier at the local C. P. & St. L. freight depot and will enter upon his duties today.

H. E. Pollard, traveling auditor for the Burlington, was in the city Thursday morning.

The material for the Burlington cut off is arriving day by day. There is already several cars of piling here and yesterday several cars of steel were received.

The Alton section men are shucking corn in numerous instances this fall and the maintenance or way department is forced to tow to the farmers along the way who are offering financial inducements in the way of a cent a bushel and yellow legged chicken three times a day. With 100 bushels per day and board the attractions, both financial and gastronomic, are too strong for many of the section hands and they have deserted the roadbed, and instead of tamping ties and shoveling ballast are handling the golden ears of the harvest. It is said that section men were never so scarce or so difficult to keep regularly employed as this fall.

John E. Fish, of Peoria, division freight agent of the Alton, was in the city last night enroute home from a business trip to Louisiana, Mo.

We are showing an extensive line of Hart, Schaffner & Marx overcoats and suits. It will pay you to see this line before buying.

**CHICKEN FARM ON ROOF.**  
 High up on the roof of the Ansonia the tallest apartment hotel in the world, is one of the most productive chicken farms in the country, considering its size says a New York correspondent. Only a few days ago 700 chicks of all sizes, ages and breeds were shipped in a body to the broader and more congenial surroundings of Long Branch, N. J., and the young proprietor of the roof farm, Master W. F. D. Stokes, watched the wagons drive away with their animated burdens and heaved a sigh of relief at the thought of the burden of care lifted from his shoulders. Master Stokes has seen thirty years of life, and his ambitions and energies are in inverse ratio of his age. Having decided to go into chicken raising on a large scale, his father encouraged him to the extent of purchasing several incubators and installing them in the best places on the broad roof of the Ansonia. Every morning at daylight the little hen farmer would lie him to the aerial

process of development of his charges. He personally saw to it that the temperature of the incubators was just right, helped the weaker chicks to break out of their shell prisons, and even tried to teach the baby scratchers how to scratch. Of course he had assistance in his incubating pursuits, but it remained for him to strut around hundreds of feet in the air with his hands in his pockets and discourse learnedly upon the advantages of some kinds of chicken food over others.

**HISTORICAL LIBRARY**

The trustees of the Illinois state historical library have planned to make a systematic examination of the archives of the state for documents of all kinds, which will throw light on the early history of Illinois and have employed Mr. Alvord of the historical department of the University of Illinois to visit the older towns of the state for this purpose. Already the search has been rewarded. In the office of the circuit clerk of Belleville there are several manuscripts of great interest to historical students, about which a report has already been prepared.

Among these is probably the oldest civil record of the northwest. It is the register of the clerk of the French court of the district of the Illinois for the years 1787-1799, in which were recorded donations of property, whether made between the living or by last will and testament. The French attempted to extend their entire system of government and law to the western wilds, and such records as these were kept in the same form and manner as in the city of Paris. The clerks were trained notaries and have left an excellent example of the notarial art as practiced in the eighteenth century.

More important, if not so old, are the records of the period of Illinois history immediately following the conquest of the country by George Rogers Clark in 1773. In the fall of that year Clark established courts, the members of which were elected by popular vote at the three French villages of Kaskaskia, Cahokia and Vincennes. This was the first popular election held in the territory of the northwest. There have been preserved in Belleville a few mutilated records of the court which sat in Cahokia. It was composed of eight justices with a president; the first being Joseph Bowman. Weekly sessions were held at which civil and criminal cases were tried.

**GOSSIP REGARDING APPOINTMENTS**

**State Board to Be Named by Governor Deneen After the Election—State Headquarters Now a Thing of the Past.**

Springfield News: For the first time in sixteen years there is no Republican headquarters in Illinois. The chattel property of the state organization, which has filled two rooms in the Great Northern hotel in Chicago has been boxed up and carted away, and the down state politicians will have to hold their stone meetings when they go to Chicago.

Politics has ceased to be a profitable investment for the hotel. In the old days they say the bar bill of the politicians in the Great Northern hotel would aggregate \$100 a day when times were brisk. Four high balls and two bottles of beer daily would about cover the political business at the bar now.

Formerly the hotel was filled with politicians. Three or four still go there, but the restaurant and room business has fallen away with the bar trade. Observing these changed conditions, the hotel management decided that the two rooms which have been given free to the state organization could be used to more profit for the entertainment of guests with cash money. Therefore, the management officially "canned" the headquarters, had the effects and chattels of the organization carted out, and locked the doors.

State Chairman Roy O. West returned to Chicago yesterday from a conference with Governor Deneen. It is announced that the various institution boards will be appointed this month, but probably not until after the election, and that the superintendents of the institutions will be appointed in December. The railroad and warehouse commission will not be touched until after a decision has been given in the freight rate case now before the commissioners for settlement. Governor Deneen will go to Chicago next week to vote.

**IOWA BANK CLOSED.**  
 Shenandoah, Iowa, Nov. 3.—The State bank of Tabor Iowa, was closed today. A notice on the door says that the bank is closed to make an examination of the affairs of President S. C. Dye. President Dye lives in Shenandoah and is said to have been operating on the board of trade. He was a trustee of Tabor college up to a few months ago.

**LARGEST SHIP**

**The Amerika, Launched at Belfast, Holds This Distinction—Is Richly Furnished.**

New York, Nov. 2.—The Amerika, largest ship in the world, arrived here recently. The Amerika was launched on April 20, from the yards of Harland & Wolff, Belfast. The vessel, which is of about 22,500 tons register, is intended for the service between Hamburg and New York. She can carry 10,000 tons of cargo and about 4,000 passengers and crew. She is 387 feet long, 51 feet 6 inches wide and 35 feet deep.

Her advent marks the introduction of many innovations in ocean traveling, including a restaurant where meals will be served at all hours, a hotel's shop, electric passenger elevators connecting the decks, a well equipped gymnasium, state-room telephone service, a nursery for children, training tables for the sick, and electric and hydrophobic baths. The restaurant is amidships on the sixth deck and will accommodate 120 persons. It is decorated in Renaissance style, with elaborate effects in chased bronze. The tables have been placed so as to afford accommodations for parties of two, four, six or eight, and at one special banquet table twelve can be seated.

Extending the full width of the ship, the main dining room is 100 feet long. It is situated amidships. The walls are of pearl gray enriched with paintings, and the furnishings are in Louis XVI style. In the center of the saloon is a large dome supported by graceful columns. The smoking room is arranged in two stories on the upper promenade and boat decks, with a large staircase. It represents as nearly as possible a great hall or hunting room of an Elizabethan manor house. The solid oak is all hand carved and left with the rough tool marks of the period. There is a huge Elizabethan fireplace, with a stone hearth.

**TAXATION OF CAPITAL STOCK**

In an opinion rendered by Attorney General Stead, he holds that the act of the last general assembly which exempts from taxation by the state board of equalization the capital stock of mercantile corporations does not apply to this year's assessment. The opinion is as follows:

"Hon. S. M. Barnes, Chairman Capital Stock Committee, State Board of Equalization. Dear Sir: You have this day submitted to me the question whether under the recent act of the legislature, known as 'the Capital Stock Exemption Law,' those corporations which have hitherto been assessed by the board of equalization and are within the terms of that law, are exempt from taxation this year under its provisions, and you suggest as a reason why they would be subject to taxation that all property taxation dates April 1, whereas the law in question took effect July 1, this year.

"Replying to the questions submitted I would say that I have heretofore given opinions to the effect that all assessments for the current year dated April 1, and that laws passed changing the method of assessment or exempting certain property from assessment, which took effect July 1 of this year, have nothing to do with the assessment or taxation of property this year.

"I am of the opinion that the rule heretofore announced is the correct rule, and that under it all corporations which have heretofore been required to make schedules for assessment to the state board of equalization are required to do so this year and are not exempted by any law which took effect July 1. Very truly yours, W. H. Stead, Attorney General."

**Jacksonville People are Pleased to Learn How It is Done.**

It's pretty hard to attend to duties with a constantly aching back. With annoying urinary disorders. Doan's Kidney Pills make work easier. They cure backache. They cure every kidney ailment. William T. Gibbons, of 123 East Volcott street, says: "For a long time on and on I had severe pains through the small of my back so that frequently I could hardly get up or down and often in the mornings I had to roll over and take hold of the bed to help myself up. I had so severe an attack that for several days I was laid up and unable to work. I was advised to try Doan's Kidney Pills, so I went to the drug store of Dr. H. Lee Hatch and procured a box. They helped me almost at once strengthening and relieving my back."

**Y. M. C. A. NOTES.**  
 The members of the Y. M. C. A. are grateful for a beautiful plant presented by Mrs. Read, of Sandusky street.  
 The Junior Bible class enjoyed an oyster stew after the class session Thursday. Eleven boys are now enrolled in this class studying "The Men of the Bible."  
 The subject at the B. G. M. Sunday is: "The Worth of a Boy"; speaker, Miss Olivia Dunlap.

The dates for the indoor carnival are now fixed. They are: Nov. 16 and 17. The boys expect to refund a part of the building with the proceeds from this carnival. The public is invited.  
 The meeting Sunday afternoon will be in the nature of a workers' conference and will be conducted by Rev. T. H. Marsh of the First Baptist church.

The interest in the association is increasing every day and the attendance at the building is growing constantly. Several clubs are being organized that promise to be boasters.  
 The senior Bible class will meet Tuesday evening of next week instead of Monday. Subject, "The Conversation of Jesus with John, the Baptist"; Matt. III:1-17.

 The Ladies' Missionary society of the Christian church met with Mrs. George Harney on West Morgan street Friday afternoon. The meeting opened with a prayer by the president. Resolutions of respect were read in memory of a departed member, Mrs. Cornelius Dowdes, by Mrs. Arthur Hayden. A committee of three were appointed to prepare programs for the ensuing year.

The literary program was then given, with Mrs. Douglas as leader. Mrs. Alexander led in prayer. Mrs. Taylor read a paper on how best to observe C. W. B. M. day; Mrs. Wharton read a paper on attendance; Mrs. Wright on the offering; Mrs. Thrapp on the program of our meetings.

It was unanimously voted that the pastor deliver a sermon for C. W. B. M. day, after which the society adjourned.

My crown and bridge work is the only method in dental science that is permanent and which perfectly equalizes the strain of mastication. It is the only possible method which permits the fullest enjoyment while eating, because the functions of the whole mouth can be exercised. This is impossible in the old fashioned plate. These teeth look like your own teeth, feel like your own teeth, and to all intents and purposes, are your own teeth; and with moderate care will last a lifetime. The Illinois college eleven will leave this morning at 9:30 over the C. & A. for Alton, where they will meet the strong team of Shurtleff college. The team will have a special car and will be accompanied by a crowd of over fifty rooters. A megaphone brigade has been organized and the cheering will be conducted along systematic lines.

The local eleven will not go into the game in its best form, owing to the absence of several of the regular men. The team as a whole, however, has showed great improvement the last week and will give a good account of itself on Sportsman Park field, where the game will be played. The Shurtleff team will outweigh the locals and the report is that they have a husky lot of pigskin chasers. A stiff contest may be expected.

The lineup as given out by Coach O'Neal is as follows: McKinney, or Wylder, left end; Smith or McKinney, left tackle; Wehrle, left tackle; Spruill, center; Stubblefield, left guard; Williams, right tackle; Wright, right end; Osborne, quarter back; Johnson or Maxwell, left half back; Harmon (captain), right half back; Rowe, full back; Crum and Oakes subs.

**THOSE OVERCOATS.**  
The city is at last waking up to its duty toward its employees and a movement has been begun which will have far reaching tendencies. The resolution to provide the policemen (\$80 per month) with overcoats, an act which the mayor was powerless to veto, is the beginning of a series of contemplated improvements. Tender hearted people feel that the pay of the guardians of the peace and quiet of the city is far too small. The policemen get only \$80 a month, the night captain \$70 and the chief \$85. Now these same humanitarians have wept to see the policeman go shuddering to the call boxes and in trembling tones tell where they are at. The intention is to have a comfortable structure erected around each one, a good sized hard coal base burner placed in each and a leather upholstered chair put in so that the blue coats may have an easier time when they go to call up the main office. This is only a part; warm coffee in winter is to be constantly on tap at convenient places for them in times of need and in summer ice cream and refreshing soda water will be subject to their order and at the city's expense. Then too, how can the fire laddies afford to sit in front of the city hall unless they too have overcoats at the city's expense? They have feelings too, and must be clothed by the tax payers.

And while we are about it the stokers at the pumping works have to go to and fro in summer heat and winter cold. They should be taken in covered hacks and have overcoats too, so that they may have no kick coming. Let the good work go on; the crossing sweepers and street men get but a dollar and a half a day and they too must be overcoated along with the rest, for don't they suffer too with the cold? The scavenger who goes about with his cart cleaning the streets should have his overcoat in winter and in summer a boy to go along and fan him to keep him from getting overheated. Undoubtedly the matter will not be permitted to rest even here for there are the street commissioner, the superintendent of water works, the city engineer, the superintendent of electric lights, all are the city's servants and should have the paternal care and then what a fine city we should be.

**Vote for Hall for commissioner.**  
The people want George H. Hall for county commissioner and should not forget to say so at the polls next Tuesday.

Tuesday next will be election day. Let every voter do his duty and vote for George H. Hall for county commissioner.  
Remember that next Tuesday will be election day and all should go to the polls and vote for George H. Hall for county commissioner.  
Remember the justices and constables to be chosen next Tuesday. The Republicans have a good list of them. Give them your support.

**GET READY.**  
The days before election are now but few and Tuesday will be here shortly. It becomes the duty of every friend of the tax payers to cast his vote for the election of George H. Hall for county commissioner so that the interests of the tax payers may well be served and a man placed in the office who has lived here all his life and has the welfare of the people wholly at heart. He is strongest among those who know him best, which is the best endorsement he could have. He is a man of the people and will be their faithful servant if elected, and will do all in his power to keep expenses within a proper limit. He will not be unjust to any one nor mean and peevish but will strive to treat all fairly and do what is right by all. That is his reputation where he lives and it will be more and more so the better he becomes known and appreciated. Mr. Hall is capable and will see to it that nothing belonging to the people is wasted and at the same time he will be liberal where it is called for. It is all important that each precinct should be well organized for election day. Have the workers on hand and each man placed where he will do the most good. Have enough on hand to see to it that the voters are gotten out and all lined up. This is an off year and people are too apt to forget their plain duty. Let no one forget to vote for George H. Hall for county commissioner next Tuesday.

**BALKS AT THE X-RAYS.**  
Seattle, Wash., Nov. 3.—Because she refused to let him inspect her lungs by means of the X-ray, James J. Zook, mayor of Ballard, broke his engagement with Miss Rosena E. Grover. She has sued him for \$25,000 damages for breach of promise. When the two appeared in the superior court yesterday Zook was informed by Judge Albertson that justice and science did not always run hand in hand. The court said that under certain circumstances sickness might be cause that would justify a man in breaking an engagement, but that the case must go to a jury to determine if Miss Grover has or has not tuberculosis.

**CHILDREN BURNED.**  
Duluth, Minn., Nov. 3.—Two children, a boy of 8 and a girl of 6 years, met death in the flames that destroyed the homestead shanty of John Harju, near Embarras, Minn. Their mother died a short time ago and their father was away. Upon returning he discovered the burned shanty and the partially cremated bodies of his children.

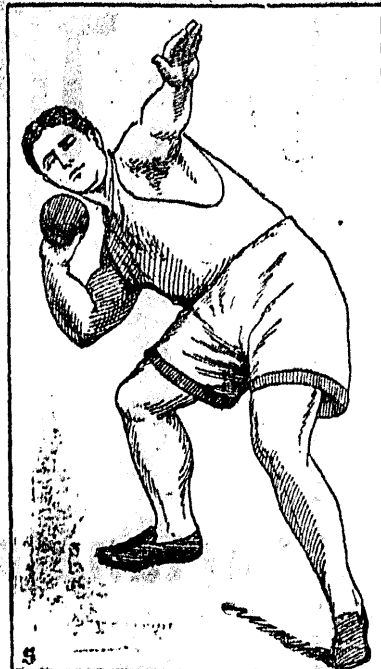

**PANAMA CELEBRATION.**  
Panama, Nov. 3.—Celebrations were begun to day in honor of Panama's independence and will continue until Sunday. The presence of Secretary Taft tends to make them more brilliant than those of last year.

**M'LEOD WON.**  
Chicago, Nov. 3.—Fred MacLeod, of the Rockford Golf club, Rockford, Ill., defeated Herbert Way of the Euclid club, Cleveland, Ohio, in the finals for the championship of the Western Professional Golfers' association to day, 4 up and 2 to play.

**FOOTBALL VICTIM.**  
Chicago, Nov. 3.—Verner Wise, 17 years of age, was fatally injured in a football game this afternoon between two high school teams. Wise tackled another player, and his head was beneath the other boy when they came to the ground. Death resulted from injury to the spinal cord.

Washington, Ind., Nov. 3.—Four cracksmen visited the Odon bank, fifteen miles east of Sanborn last night, and were on the verge of securing \$5,000 in cash by the nitro-glycerine used blowing the bottom of the safe loose and making it impossible to get at the money. Jacob Dodge, who was passing the bank at the time, was seized, bound hand and foot, gagged and gagged until the robbers escaped.

**The SPORTING WORLD**  
Coe to Become a Fighter.  
Wesley Coe, the Massachusetts amateur shot putter, is telling his friends that he is going to seek honors as a professional boxer this winter.  
While Coe has never appeared in the ring, he is nevertheless a good boxer and would need but little instruction to make him a dangerous man in the heavyweight division.  
He is well built, of good height, and his performances on the athletic field

show that he is very strong. For a big fellow he is fast on his feet and can hit hard with either hand. He is confident that he would do well even now, but he has no thought yet of being an aspirant for the championship title.  
It was reported recently that Coe intended to challenge Jim Jeffries.

**A POLICEMAN'S TESTIMONY.**  
J. N. Patterson, night policeman of Nashua, N.H., writes: "Last winter I had a bad cold on my lungs and tried at least a dozen advertised cough medicines and had treatment from two physicians without getting any benefit. A friend recommended Foley's Honey and Tar and two-thirds of a bottle cured me. I consider it the greatest cough and lung medicine in the world." For sale by J. A. Obermeyer, City Drug Store.

## In Society

Montgomery Advertiser: An announcement of great interest in this and other cities is that of the approaching marriage of Miss Martha Cousins Greet of Huntsville, Ala., and Mr. Cassius M. Stanley, news editor of the Birmingham Age-Herald. The bride-elect is a daughter of Mrs. William Greet and a grand daughter of Governor Bibb, the first governor of Alabama. The wedding will be solemnized in the Episcopal church on Dec. 7.

Mr. Stanley is a graduate of Illinois college, being a member of the class of 1901, and has many friends in this city.

Dr. and Mrs. Thomas J. Pitner have issued invitations for an at home Tuesday evening, Nov. 7, to meet Dr. and Mrs. Griffith.

Mrs. Helen Brown Read, assisted by Mr. Francis L. Woodmansee, will give a voice recital at the new assembly hall in St. Louis Thursday, Nov. 9.

Mrs. Anne Crawford Flexner, of Louisville, who dramatized Alice Hegan Rice's "Mrs. Wiggs of the Cabbage Patch," to appear at the Grand next week is a sister of Miss Esther M. Crawford, instructor in art at the School for the Deaf. Miss Crawford was seen by a Journal representative Friday, and told something of the work of Mrs. Flexner.

"My sister writes under the name of Anne Crawford Flexner. Her home is in Louisville, Ky., although she spends much of her time in the east. She has always had decided literary tastes, and has chosen the dramatization of the works of other authors for the expression of her art. She is a graduate of Vassar and has made a special study of dramatization, her first important work being for Mrs. Fiske, who when she was chosen to make the "Miranda on the Balcony" adaptation. The most powerful scene of this successful dramatization was entirely her work.

Mrs. Flexner was commissioned by Liebler & Co. to dramatize "Mrs. Wiggs of the Cabbage Patch," upon the request of Mrs. Rice, the author, and she conducted the rehearsals of this play in New York. The company was on the road one year previous to the New York engagement last year, and was everywhere greeted with great favor.

"My sister is spending the winter in Boston and at present is engaged on a dramatization for Liebler & Co. the name of which has not yet been announced."

"Mrs. Wiggs of the Cabbage Patch" was written by Mrs. Alice Hegan Rice, of Louisville, and is said to be based upon real characters, the names only being changed.

Thursday morning as Mrs. Joseph Campbell and family were busy with household duties at their home northwest of Lynnville, they were surprised to see several vehicles, well filled, draw near and stop in front of the house. Mrs. Campbell is a strictly first class housekeeper and is ably assisted by several young lady daughters who are genuinely accomplished in that they can shine with grace and ease in any parlor, hold their own easily with educated people and at the same time can preside with ability over the affairs of the kitchen and prepare a meal fit for a king. So Mrs. Campbell is not much disturbed by the appearance of company for dinner but when fifteen come unannounced it is laying it on rather thick, but the mystery was soon explained for the self invited guests proved to be her brothers, the Messrs. Rice and their families, provided with an abundance of good things of life so of course they were welcome, and all the more so when they reminded their worthy sister that she had been married 35 years and that they had come to celebrate the event, and it was celebrated in a manner that left nothing to be desired. The dinner was

bountiful and superb and the pleasant time enjoyed by all a feast of good relationship not soon to be forgotten. The home of Mr. Campbell is a typical Christian household where love rules and each studies the welfare of the other and the visitor there and intimate friend is fortunate indeed. That the good people may live to enjoy many more anniversaries is the earnest prayer of a host of friends.

Hilton Middleton, residing near Lynnville, was very delightfully surprised Friday noon upon the occasion of his 67th birthday. He was the recipient of many handsome presents but one that will be especially prized was the elegant rocking chair, the gift of the immediate members of his family. A splendid dinner was served in faultless style and the menu was all that culinary art could produce.

Those present were Mr. and Mrs. James Allen, Mr. and Mrs. John Allen, Mr. and Mrs. Robert Allen, Mr. and Mrs. John Scott, Mr. and Mrs. George Sturdy, Peter D. Megginson, Miss June Ann Middleton, Mrs. George Ransom, Mr. and Mrs. Charles Middleton and daughter, Mr. and Mrs. Ira Patterson and family.

Mr. and Mrs. John Onken celebrated the 25th anniversary of their wedding Friday evening at an elegant reception given at the hospitable home in Chapin. The appointments for this delightful social event was made with exquisite taste and the floral decorations were very pretty. Many handsome gifts testified to the good wishes and esteem of kind friends and delicious refreshments were served.

Those present from a distance were George L. Merrill and Miss Vivian Merrill, of this city. Rev. and Mrs. F. W. Burnham, of Decatur, Mr. and Mrs. Frank Burnham, of Doddsville, Miss Amy Onken, of Chicago, Mr. and Mrs. Watson, of Petersburg and Arthur Vannier, of this city.

Adler's silk lined Mocha, Cape and kid gloves from \$1.00 to \$1.50. **BROOK & TICE.**

On Nov. 7, you can make a trip to Louisiana or Mississippi, as the quarantine is lifted, now for 80 per cent of one fare. Call on A. L. Cantrall, "The Mississippi Land Man."

**WOMAN'S AUXILIARY.**  
The Woman's Auxiliary of the Trinity church met Friday at the home of Mrs. E. I. H. Tomlin on South Main street. Officers for the year were elected as follows: President, Miss Elizabeth Cleary; vice president, Mrs. A. D. Brackett; secretary-treasurer, Mrs. F. J. Harlowe.

An interesting and instructive paper on "Ashville, N. C.; Our Colored Work," was presented by Miss Carrie Oliver, and Miss Whitley, of Springfield, spoke in an entertaining manner of the missionary work of the Episcopal church.

**150 new cloaks in black, castor, green, brown and grays received at Phelps & Osborn's yesterday. This is cloak day.**

**THE BIRTH RECORD.**  
Born Wednesday, Nov. 1, to Mr. and Mrs. O. D. Graff, of West College street, an 8½ pound son.

**Special sale of millinery to day at Herman's.**

**SECURE RAILROAD.**  
St. Joseph, Mo., Nov. 3.—The Harriman interests are reported to have secured control of and will build the St. Joseph, Albany & Des Moines, a projected railroad between St. Joseph and Des Moines, Iowa, a distance of 182 miles. The Harriman interests recently acquired the Iowa Fall road and at Des Moines connection will be made with that line. Building the St. Joseph, Albany & Des Moines and connection of the links of the Iowa Falls and Iowa Central at Hampton, Iowa, will give the Harriman railroads a direct line from Minneapolis to St. Joseph, Kansas City and the west over the Grand Island and Union Pacific.

**New Buckwheat Flour, Brook Mill. Tel. 240.**

**SOUTH SIDE CIRCLE.**  
The South Side circle met Friday with Mrs. Francis Hall at her home 600 West state street. The subject for the meeting was "Ocean cables."

Mrs. Robertson read an interesting paper while Mrs. E. L. Crouch, Miss Ida Goodrick, Miss Virginia Beacraft also read papers on the same subject. Delicious refreshments were served after which the society adjourned to meet next Friday with Miss Martha Daveyport on South Main street.

**Big rummage sale to day and evening in Gause's new building, South Sandy street.**

Sunday is the first anniversary of the pastorate of Rev. William Mitchell at Trinity church, and on this occasion doubtless both pastor and parishioners will have a feeling of thankfulness for the successful work they have jointly carried on.

**BEST COAL**  
G. W. Stout—Both 'phones.

Arthur Johnson, of Kansas City, arrived in the city Friday night for a visit with his parents, Mr. and Mrs. H. Johnson.

**STORK TIME**

to most women is a term of anxiety, serious thought and sweet anticipation. With the cessation of pain necessary to childbirth, there comes calm nerves, sleep and recuperation.

**MOTHER'S FRIEND**

does diminish the pain accompanying maternity. With its aid mothers can and do bring healthy, sweet dispositioned and ideal babies into the world.

Morning sickness, sore breasts and excruciating pains caused by the gradually expanding organs are relieved by this penetrating and relaxing liniment.

Among the manifold aids to childbirth Mother's Friend has grown in popularity and gained a prestige among rich women as well as poor; it is found and welcomed in the mansion as well as in the cabin.

By lessening the mother's anxiety of mind and diminishing pain a beautiful influence is wrought upon the child, and instead of peevish, ill-tempered and sickly forms you have healthy, laughing humanity, remaining a blessing ever to you and its country.

All Druggists sell Mother's Friend at 50c. Write for our free book "Mother's Friend" to THE BRADFIELD REGULATOR CO., Atlanta, Ga.

## BOTH FOOD AND MEDICINE.

We like best to call Scott's Emulsion a food-medicine. It is a term that aptly describes the character and action of our Emulsion. More than a medicine—more than a food, yet combining the vital principles of both. It is for this reason that Scott's Emulsion has a distinct and special value in all wasting diseases. There is nothing better to remedy the troubles of imperfect growth and delicate health in children. The action of Scott's Emulsion is just as effective in treating weakness and wasting in adults.

**Trailing Talk.**  
Ethel's Pride, a black mare by District-Ethelwin, easily won the Pennsylvania stakes, a trotting race worth \$5,000, in straight heats at Lexington recently. Turkey, a brown gelding, driven by Ed Geers, finished second, and A. Thomas Mainland was third. The time for the heats was exceptionally fast, being 2:08 1/2, 2:06 1/2 and 2:07 1/2 respectively. Bonalotte, a brown filly, won the pacing-futurity, worth \$2,000, in straight heats.

Dan Patch, the world's champion pacer, equaled his record of 1:56 for the mile in his trial at the same track. Incidentally he broke the track record for the fastest mile ever trotted or paced over it. He was driven by H. C. Hoar, and his fractional time was 29 1/2, 58 1/2, 1:27 1/2 and 1:56.

**Yale Loses Leavenworth.**  
The Yale football team will lose the services of T. W. Leavenworth, the brilliant halfback of last fall. It was expected that Leavenworth would return to Yale this fall and play football, and he expected to do so when college closed in June. He has, however, changed his mind and has just signed a contract to coach the team of the University of Alabama this fall. Leavenworth graduated from the Scientific school in June. He was captain of his freshman class team at Yale, substitute on the varsity for one season and a year ago halfback on the varsity. His home is in Wallingford, Conn.

**A New Baseball Deal.**  
Negotiations pending between the New York and St. Louis clubs of the American league may result in the transfer of first baseman John Gansel to the Browns and the acquisition of outfielder Emmett Heideck by the New York club. Manager McAleer of the St. Louis club makes no secret of the fact that he wants Gansel to replace Tom Jones, who has not hit for the Browns this season. Gansel is superior to Jones in the field and is just as good a hitter.

Bars Men from Employment

Every line of business is beginning to shut its doors absolutely to drinking men. Business competition has become so keen that only men of steadfast habits can find employment.

Employers do not want men that are addicted to drink. A drinking man is not fit condition to handle responsible work. Continued drinking diseases the nerve system. No "will power" can cure; treatment is necessary.

Three Month's Treatment With

D. D. D. Prescription

Resulted in complete cure.

I have suffered for ten years with Eczema. I have tried every cure that was recommended. I have visited every resort, but I finally became convinced that the doctors and owners of resorts only wanted my money. It was with difficulty that I was persuaded to try D. D. D., but when I did try it I decided to give it a thorough test. After three months' use of your remedy I find it a complete cure, when everything else failed. With much gratitude.

Sincerely yours, JOHN F. ROHAN.

**Clap In and Clap Out.**  
In the game of clap in and clap out the boys stand each behind a chair, and the girls go into another room. One of the players who acts as keeper of the door between the two rooms asks one of the boys to choose a girl. The doorkeeper then opens the door and calls the girl thus chosen, who must sit down in one of the chairs. If she sits in front of the boy who chose her he kisses her, and she keeps her seat, but if not all the boys clap their hands as a sign that she is wrong, and she must leave the room again. The doorkeeper asks another boy to choose, and the game goes on till all the chairs are filled. The boys then leave the room, the girls stand behind the chairs, and the game is repeated. The game is often varied by calling in three or four at a time.

#### DEATH RECORD

##### MCDONALD.

Mrs. Jonnetta McDonald widow of the late James K. McDonald, died Friday evening at her home, 1024 South Clay avenue, at 8:30 o'clock, after a lingering illness. She was born in Lexington, Ky., Aug. 23, 1823, but has resided in this city for a number of years. When a young girl she united with the Presbyterian church, but later joined the Clark's Chapel Baptist church of which her husband was a member and of which church she was a member at the time of her death.

The deceased is survived by three sons, John W. McDonald, James L. McDonald and Alva McDonald; two daughters, Mrs. Emma J. Brown and Mrs. James Stout. She is also survived by fifteen grand children and one great grand child.

The funeral will be conducted from the residence, 1024 South Clay avenue, Sunday afternoon at 2 o'clock.

##### DAVENPORT.

Relatives in this county have received word of the death of a son of Clayton Davenport, who formerly lived at Sulphur Springs, in a wreck Friday morning in Texas. Mr. Davenport lived at Ennis, Texas, and was a fireman on one of the railroads running through that city.

The deceased removed from this county about twenty years ago. He was a brother of John E. Davenport of Sulphur Springs, and leaves a wife and several children.

##### CURTIS.

The infant daughter of Mr. and Mrs. John Curtis died Friday evening at the home of her parents on South Clay avenue.

#### "JULIUS CAESAR"

Splendid Recital of Shakespeare's Great Tragedy Given by Mr. Marshall Darrach—Large Audience Was Present

Marshall Darrach appeared at the high school Friday evening in the second of his series of Shakespearean recitals. An audience larger even than the first was present, and enjoyed a splendid production of "Julius Caesar."

Mr. Darrach appears at his best, perhaps, in this tragedy. The intensely dramatic scenes, especially those in which Brutus figures, were given with a power and intelligence which is above criticism. One peculiarly good point of these recitals is that the artist is able to give even the minor characters as good an interpretation as the leading ones, a thing which is not practicable in a stage presentation, in which the minor parts are necessarily given to men of lesser ability.

The two scenes in which Mr. Darrach rose to the highest degree of perfection were that between Portia and Brutus, and the oration of Mark Anthony over the body of the dead Caesar. The scene of the quarrel between Brutus and Cassius on the battlefield of Philippi was also excellently given.

The minor effects given in a haphazard way in most stage productions, the turbulence of the mobs, side plays and the like, are not overlooked by Mr. Darrach, who brings them in with fine effect. The presentation was accompanied with explanatory remarks, and were closed very effectively with the words of Anthony over the body of Brutus after the battle at Philippi.

All kinds of popular novelties at specially low prices at Herman's.

#### AT THE GRAND.

"The Funny Mr. Dooley" was the attraction at the Grand on Friday evening and the audience seemed highly pleased with the offering. It was extremely funny in spots and sketches of merriment seemingly kept the audience convulsed for some minutes, then there was lapses when the comedy needed a stimulant. It was a musical comedy and some of the numbers met with well deserved favor, while at other points in the score the vocal timber needed a little training. Paul Quinn played the part of Mr. Dooley and it was not so much his own ability as the nature of the play which brought out the comedy element so forcibly at times. In the second act Miss Frankie St. John made a hit with her chorus in the "Susie song," with the athletic girls. The play as a whole proved acceptable and a fair sized audience was present.

Just received a well selected stock of rugs. Very latest patterns. Cheaper than ever at Oakley's. Both phones.
